ROTUBA MISSION STATEMENT

OUR COMPANY MISSION IS BASED UPON
ETHICAL LEADERSHIP DEDICATED TO
CONTINUOUS IMPROVEMENT AND INNOVATION
THAT TRANSLATES TO CUSTOMER BENEFIT.

ROTUBA OVERVIEW

- Established in 1945 focusing on the highest quality products for the Lighting Industry.
- Moved headquarters and operations from Brooklyn, NY to Linden NJ in 1965
- Currently headquartered in 100,000 sq./ft facility in Linden, NJ, USA
- Engineering, research, design and fabrication capabilities within headquarters
- Maintain strategic distribution facilities in California, Texas and the Far East

ROTUBA OVERVIEW (CONT.)

- Rotuba carries one of the world's largest inventory of lighting products in order to accommodate rush orders and offer 2-4 week turn-around on custom products.
- Rotuba extrudes sheet and profiles in the most common raw materials
 - Acrylic (PMMA), Crystal Polystyrene and HIPS, Polycarbonate, PETG, CAB, ABS and Noryl
- Rotuba maintains and operates eighteen (18) extrusion systems
- Comprised of 4 sheet lines / 9 profile extruders / 5 compounding extruders

ROTUBA

REASEARCH & DEVELOPMENT

- Our in house tool and die machine shop with state-of-the art EDM capabilities offers our customers the value added feature of minimizing lead-time from design to new products (generally 3-4 weeks)
 - Internet exchange with outside machine shops for additional tooling capacity
- Fully integrated, customized Microsoft/AutoCAD quality control system
- On site laboratory to test inbound material and develop custom color matching
 - Plastometer, Colorimeter Spectra Photometer

ROTUBA INNOVATION

- First company to extrude prismatic lighting sheets and profiles in Polystyrene and Acrylic
- Supply custom extruded profiles for Point Of Purchase display business (Typical materials used are butyrate and HIPS polystyrene)
- Polycarbonate profiles used in the medical environment
- Extrude ABS, PETG, Noryl profiles for specialty applications

Rotuba Lighting Division

- One of the worlds largest producers of specialty profiles for the Lighting and Point of Purchase Display Industries
- Specializing in Acrylic, DF Acrylic, DR Acrylic & Polycarbonate for Lighting
- 18 Extrusion lines
